ABOUT US

The Art of Textiles, Shaped by 50 Years of Experience, Now in Your Living Spaces.

With half a century of deep-rooted history, we are one of Turkey's leading brands driving high-quality textile production. We weave perfection through our management based in Istanbul and our expert production teams located in Istanbul and Denizli.

Today, Maydeko's quality is trusted by Turkey's most prestigious hotels, leading healthcare institutions, and distinguished restaurants. We now extend this profound expertise and craftsmanship to your homes, luxury yachts, and boats under our MAYMARINE brand.

We cordially invite you to discover our premium, custom collections designed to add value to every corner of your living spaces and your comfort on the water.

WHY US ?

Industrial Solutions to Enhance Guest Satisfaction, One-Stop Sourcing Convenience!

We understand how critical time and quality are for prestigious hotels, upscale restaurants, and modern hospitals. As Maydeko, we comprehensively fulfill your enterprise's textile requirements through our manufacturing of towels, bathrobes, bedsheets, pillows and duvets, curtains, and table linens—all engineered to withstand high-frequency circulation and industrial laundering.

Our Differentiating Advantage: Thanks to our robust supply network, we do not only provide textiles but also complete your rooms and presentation areas with custom-designed leather and wood accessories. You can simply focus on hosting your guests while leaving all operational sourcing—from manufacturing to complementary accessories—to us. Please contact us now for detailed information and a corporate price quotation.

FOR YOUR ROOMS

The most powerful element defining the soul and elegance of a room is the textile products used. The moment your guests step into the room, an improperly arranged bed can cast a shadow over the entire ambiance.

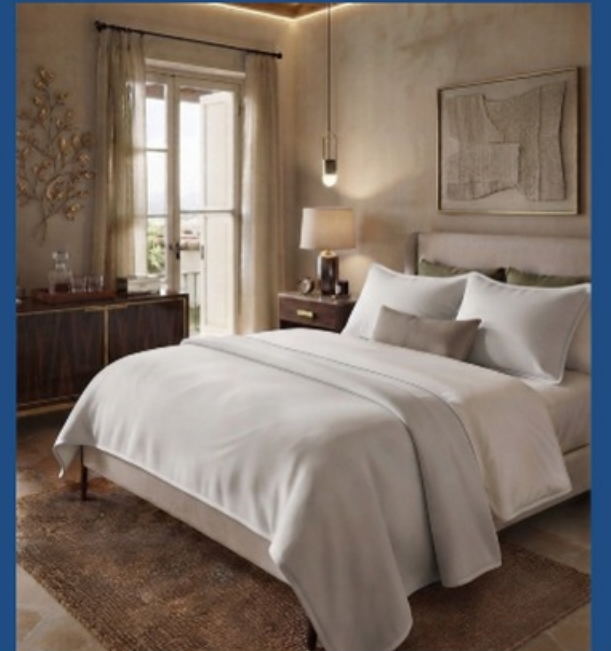

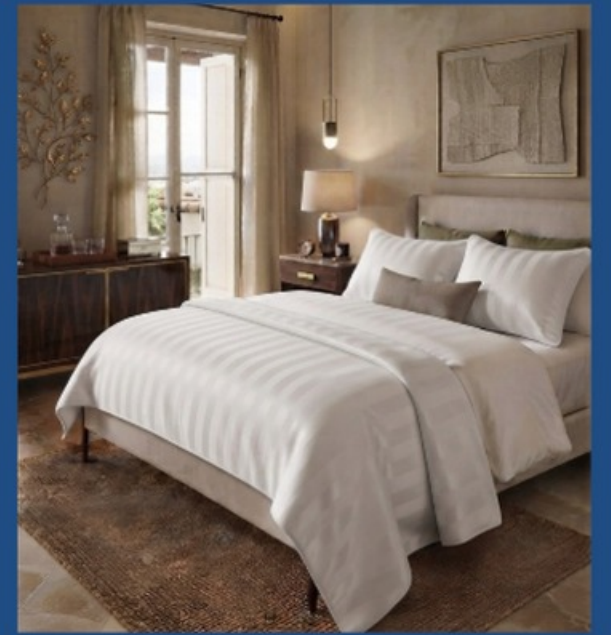

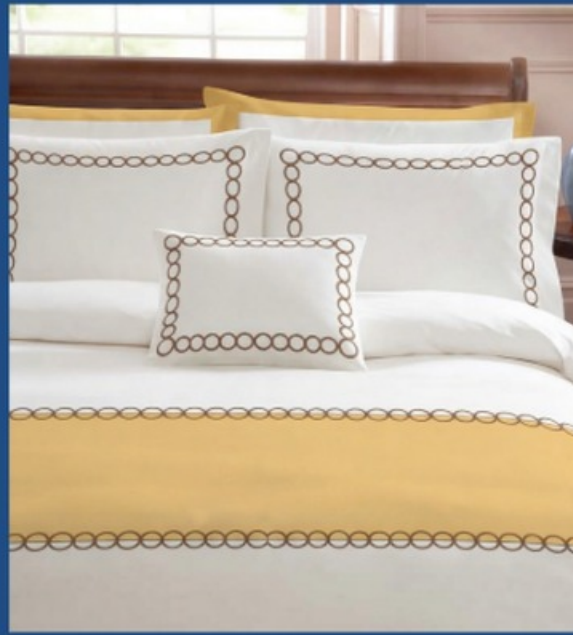

As Maydeko, we strive to provide your guests with flawless comfort and eye-catching aesthetics.

Superior Quality Suiting Every Budget We value your enterprise's dynamics and budget planning. Without compromising on quality, we offer the weaving alternatives best suited to your project and budget under one roof.

Flexible Production Tailored to Your Enterprise:

- **Wide Quality Selection:** A rich array of fabric alternatives ranging from 63 threads (Ranforce) to 120 thread count (Satin).
- **Perfect Fit:** Millimetric cutting and tailoring tailored to your specific mattress and pillow dimensions.
- **Corporate Identity:** Color, pattern, and quality options reflecting the character of your facility.
- **Industrial Durability:** Special weaves resistant to frequent laundering and heavy circulation without losing their form.

FOR YOUR BATHROOMS

One of the most essential moments that elevates a guest's accommodation experience is that soft touch after a bath. Hardened, moisture-absorbing-deprived, and misshapen towels can tarnish your enterprise's image. As Maydeko, we manufacture skin-friendly, premium-quality bathroom textiles that will grant your guests a luxurious spa experience.

Maximum Absorbency, Industrial Durability Specially reinforced against intensive industrial washing cycles, our towels and bathrobes preserve their softness and whiteness over long periods, optimizing your operational costs.

Flexible Production Tailored to Your Enterprise:

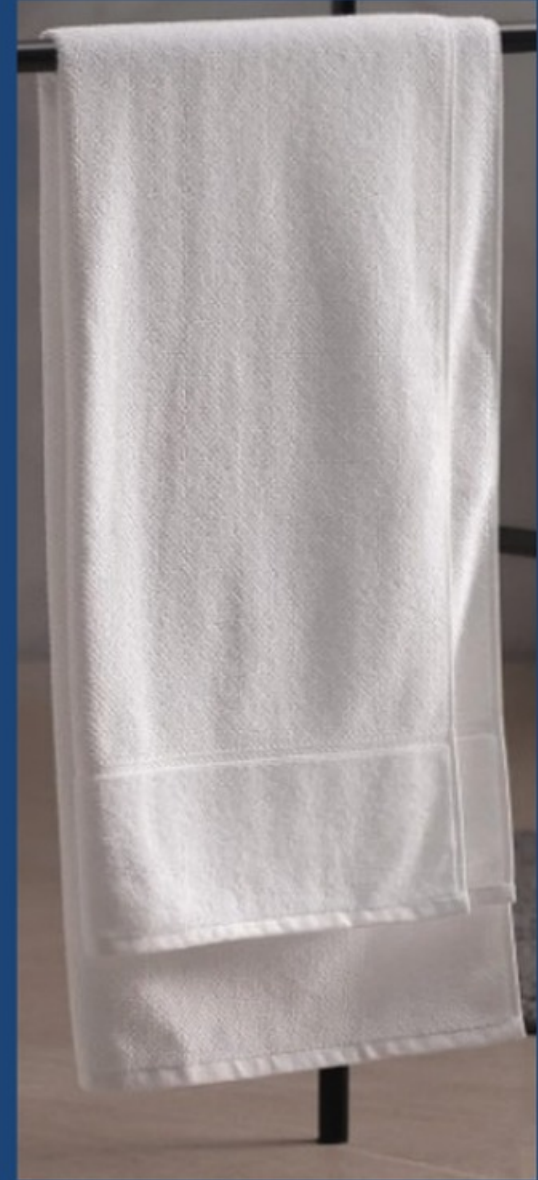

Wide Weight Selection: Different weight alternatives suited to your project.

High Yarn Quality: Ring and open-end weaves produced from 100% Premium Turkish cotton.

Corporate Embroidery & Logo: Custom logo embroidery and jacquard applications reflecting your enterprise's prestige.

Complete Sets: Hand, face, bath, and foot towels, pesthemals, and stylish bathrobes available in all sizes.

FOR YOUR RESTAURANTS

Immaculate Posture That Transforms the Spirit of the Venue
Your restaurant tables or hotel room windows are the primary areas defining the character of your space. Fabrics that are wrinkled, stain-prone, or lacking proper drape can overshadow your entire interior design investment. Maydeko provides the most accurate fabric technologies to create eye-catching aesthetics in your restaurants and rooms.

Easy Maintenance, Flawless Appearance To enhance your operational speed, we bring practicality to your business with fabric structures that are suitable for industrial use, feature high stain-resistance performance, and are easy to iron.

Functional Fabrics: Stylish yet functional products featuring 100% cotton, 100% linen, Linen/Cotton, and Cotton/Polyester gabardine qualities.

Restaurant Flexibility: Custom sizing and sewing solutions matching the architectural structure of your tables. Rich

Swatch Catalog: A broad selection of colors and textures achieving perfect harmony with your concept. Artisan

Craftsmanship: Professional tailoring quality ensuring a flawless drape even across large-scale areas.

ECO-FRIENDLY WOODEN PRODUCTS

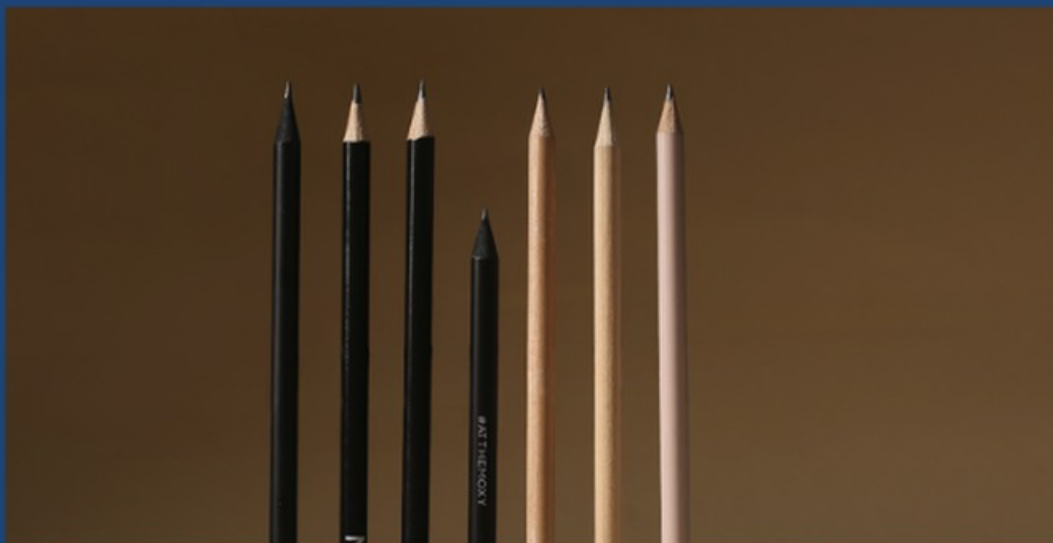

Aiming specifically to reduce plastic usage, OUR PRODUCTS highlight natural elements in hotel room, restaurant, and bathroom equipment:

Sustainable Hotel Key Cards: Digital room cards manufactured from wood (FSC-certified solid/natural wood), bamboo, plant-based leather, recycled cotton/fabric (fabric key cards), and paper.

Natural Wood and Bamboo Amenity Products: Fully biodegradable bamboo and wood guest personal care kits, shaving and dental kits, and eco-friendly hotel pencils.

In-Room Sustainable Accessories: Hotel slippers produced from recyclable materials, along with decorative in-room magnets and directional signage manufactured from FSC (Forest Stewardship Council) certified wood.
